Mijas is a municipality in the province of Malaga in Andalusia. It is located on the Costa del Sol, 34 km southwest of the provincial capital and integrated into the region of the Western Costa del Sol. Inhabited since ancient times, Mijas was a small village mainly dedicated to agriculture and fishing until the explosion of the tourist boom in the 1950s. The town centre, Mijas Pueblo, located at an altitude of 428 m above sea level, in the mountains, retains the character of the typical Andalusian white village.

Malaga, the capital, located 34 km away, offers, in addition to the railway station, an international airport with a multitude of daily connections. The temperature at this time of year is around 25 degrees, which offers the opportunity to combine this course with a few days of relaxation on the shores of the Mediterranean, with high quality beaches, leisure and good Mediterranean cuisine.

The sports center is located about 40 km from the city. The prices of the taxi or Uber ride from the airport to the sports center are around €35. La Cala de Mijas and its surrounding towns, such as Fuengirola and Mijas, offer a wide variety of hotels and tourist apartments both in the mountains and in the beach areas. The prices of taxi or Uber transport between Fuengirola or Mijas and the sports center are around 15€.
